

## Managed Sites

### Web Design

If we can't meet your design or operational requirements with one of our Hawkbit packages we can offer you two further services.

#### Entry Level Web site

A low cost solution for a basic web site featuring:

- Registration of any available domain name for your company.
- eg yourcompany.co.uk or your organisation.org.uk for your web and email addresses.
- Web space for 1 to 5 pages to host your site.
- 4 page updates per year
  
- E-mail account.
- Web site design.

Prices from £100+VAT dependent on the amount of content , the complexity of the design, and hosting features required. Cost includes 2 years UK domain registration fees.

The annual web hosting, email account and support fee is £75 +VAT

#### Fully Managed Hawkbit Site

Like the idea of by our Hawkbit packages but haven't got the time or resources to manage the content yourself? Let us manage your site for you.

Talk to us about your requirements and we'll design and host a web site tailored exactly to you needs. Once it's up and running, supply us with copy for new content and we'll make all site updates for you.

Prices depend heavily on the number, size, complexity and frequency of updates. Typically 1 to 3 new/updated pages per month would run at £600+VAT per year on top of the standard Hawkbit annual hosting and support fees.
