

## Services

### Services

If you are located within a 60 mile radius of Stockport we can offer our support services.

We hope that our free advice will help solve your problems.

However if:

- You don't feel confident to try yourself.
- You've had a go, but still have problems
- You know exactly what to do but have too many other calls on your time.

Our core services include:

- Software maintenance.
- Networking installation and design.
- IT consultancy.
- Windows and Linux server installations.
- Computer security.

Whether you need regular IT support for your business on an ad hoc or contract basis or just want a problem sorting at home contact us now.
